RenderRampage

Rules and Regulations:

- Students enrolled in any university within Bangladesh are eligible to create groups and participate in this event.
- Participants have the option to register either as a team or as individuals. Each team can consist of a maximum of 2 participants.
- Every team must possess a distinct name. In case of individuals, a team name must be given.
- One participant cannot be in more than one team.
- Participants are required to develop a 3D model of a two-story building along with eight rendered images. These images should include:
 - a) One bird's eye view
 - b) Four elevations
 - c) Section
 - d) Relevant image for better understanding
- A short video of 30 seconds to 2 minutes will also have to be provided.
- Any rendering software can be used.
- The required dimensions will be provided through a CAD (.dwg) file.
- Date of contest: **25 May, 2024**. Participants must submit their file within 24 hours.
- Every team must submit their soft copy of rendering images (**jpeg/jpg/png**) and videos (**.mp4/.m4a/.mk4 with h264 encoding**) in a zipped file.
- The zipped file must be named after the name of the team.
Example: Team_Name.zip
